

Elpro Large electrol

≤ 5 metres wide

Product features:

- ▶ Compact, metal case up to 5 metres wide.
- ▶ Electrical projection screen for business applications.
- ▶ Powerful, quiet motor with 5-year guarantee and NF and VDE quality mark.
- ▶ Flat projection screen fabric with extra heavy-duty quality Matte white M or Datalux M projection screen fabric.
- ▶ Available with 5-cm black borders all around for increased perceived clarity.

Technical features:

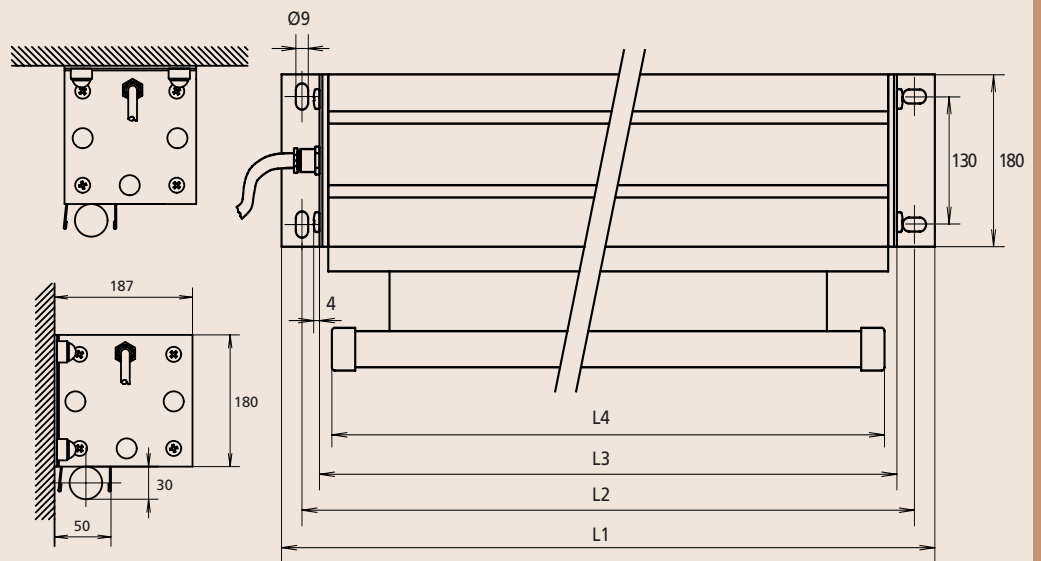

- ▶ Case of 0.9 mm thick steel; white (RAL 9016) powder coat.
- ▶ Motor fitted with thermal overload cut-out and electrical brake to prevent unintended rollout **see info page 8**.
- ▶ Easy to mount on wall or ceiling.
- ▶ Matte white M screen fabric with a broad viewing angle of 50°, a reflection value of 1.0 gain and a thickness of 1 mm.
- ▶ Datalux M screen fabric with a 35° viewing angle, a high reflection value of 2.0 gain and a thickness of 1 mm.
- ▶ Delivered complete with 3-metre connection cable and separate wall switch.
- ▶ The projection screen is delivered in a sturdy, wooden transport case.

Accessories:

- ▶ Wireless, high-frequency remote control with a maximum range of 30 metres. Comprising a control module, wireless switch and transmitter.
- ▶ Key-switch to prevent undesired use.
- ▶ Extra ceiling brackets (max. 100 cm) for mounting in high rooms or on recessed system ceilings.
- ▶ Extra set of wall brackets (max. 40 cm) for mounting projection screen on wall.
